

SIFF Scholars Online

POSITION: Illustrator

EMPLOYMENT TYPE: Contract

SIFF Scholars is launching an educational YouTube channel to teach all subjects to 10th grade students in Karnataka. Often the language used in textbooks is archaic and difficult, which we hope to make easier by providing illustrations to help in understanding the text.

ABOUT THE ROLE

We are looking for an illustrator to make basic comic doodles, line drawings or illustrations to help us explain complex English texts to students studying the KBSCE English textbook. This will be a paid assignment.

We are open to any style of illustration, as long as it will

- Aid in student comprehension of a story or a poem
- Not take a long time, as we need illustrations for every one or two paragraphs of the text.

We will use these illustrations to turn the chapter into a picture book format, which we will then use as we record videos explaining the stories and poems.

ABOUT THE PROGRAM

SIFF Scholars Online envisions a year-round online program providing an affordable one-stop learning solution for any student in Karnataka who is preparing for SSLC examination (10th grade board exam). The program will be run through a dedicated YouTube channel with content in both live and asynchronous forms. It aims to provide high quality academic learning founded on excellent teaching and pedagogy to students all across Karnataka, irrespective of their backgrounds.

TO APPLY

Send an email to gaurav.chauhan@siff.in with the subject line "Illustrator for SIFF Scholars". Your email should contain the following:

1. Your portfolio
2. Two illustrations based on:
Any 2 consecutive paragraphs from the story: The Gift and the Magi by O.Henry
OR
Any 2 consecutive paragraphs from the piece: The Elixir of Life by CV Raman
Please find the texts in [this textbook](#) (chapters 2 and 3).
3. In the email, please mention:
 - The paragraphs you have selected
 - The time you took for the above exercise
